

## ARX

## Air-X

## HIGH PRESSURE COOL AND CLEANING SPRAY

- 3, 5 bar high pressure blower
- Freezing capacity of -35°
- Removes dust and particles from components and surfaces
- Removes chewing gum from leather, carpets, furniture, jeans, dresses...
- Drying of surfaces without any residues
- No discharge of oxygen, water or solvents during upright use!
- Ideal for testing sensors, circuit boards, electronic compounds, smoke detectors, bimetals, temperature regulation...

## GENERAL INFORMATION

AIR-X is a pure, dry and universal high pressure system in aerosol packing.

AIR-X can be used as cooler and also as cleaner and dryer.

Function

1: In upright position AIR-X is a high pressure air and drying spray. Function 2: Use the cooling function of AIR-X by turning the can upside down.

## TECHNICAL INFORMATION

Purity: 99,95%

Pressure: 3,5 bar/ 20°

Cooling: up to -35°

Specific gravity: 0,56 kg/l

Shelf life: 12 month

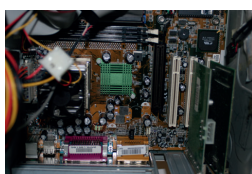

Safety measures: Consult the Safety Data Sheet

Packaging: Aerosol 400 ml

## APPLICATION AND USE

- Simplifies (de-)mounting of pins, bolts, nuts, couplings, wirings, nipples, broken bolts, ... by cold-shrink
- Safe de dusting, cleaning and drying of printed circuit boards, electronic components and devices, fine mechanics, office machines, computers and key-boards, sensitive surfaces, lacquers and synthetic materials
- Traces quickly defects of temperature sensors, bimetal, printed circuit-boards, sensors, heat regulators, thermostats...
- Removing dust from electronic appliances and electrical contacts
- Drying components
- Cleaning computer and other keyboards
- Cleaning lenses, cameras, projectors
- Removing paper dust and powder ink in photocopiers and printers
- Cooling off temperature sensors and bimetal contacts
- Shrinking small metal components before mounting
- Cleaning smoke detectors and fans
