

CLX

Cleanx

SAFE AND UNIVERSAL CLEANING AGENT

- Safe to use on all non-absorbent surfaces
- Safe cleaning and gentle properties
- Leaves no stains or residue
- Can be used in the automotive industry, food industry, healthcare, education, sport centres, etc.
- Also applicable to optical devices
- Odorless, gentle on skin

General Information

CLEANX is a safe, universal cleaning and disinfecting agent designed for all non-absorbent surfaces. Its special formulation effectively removes greasy deposits from oils and fats, and is suitable for cleaning optical equipment, windows and shop windows, upholstery, furniture, dispensing counters, and equipment.

It can also be used to prepare surfaces prior to bonding and is suitable for degreasing plastics. No protective equipment is required during use. CLEANX is applied by spraying or spreading it onto the surface to be cleaned. The integrated 360° spray head allows for flexible application in any position. Rinsing with water is not required.

Technical Information

Composition per 100g:
63.1g propan-2-ol,
2.9g ethanol
Form: liquid
Colour: colourless
Odour: like alcohol
Melting/freezing point: < -20°C

Boiling point: > 78°C
Flash point: < 23°C
Ignition temperature: > 400°C
Lower explosion limit: 2 Vol%
Upper explosion limit: 15 Vol%
Vapour pressure (at 20°C): ~ 48 hPa
Density (at 20°C): ~ 0,87 g/cm³

Application and Use

- CLEANX is applied by spraying or spreading it onto the soiled surface using the integrated 360° spray head, which allows flexible application from any angle.
- For best results, ensure the surface is evenly coated and allow the product to work before wiping or proceeding with further treatment.
- No rinsing with water is required after use.
