

## METAL CLEANING POLISH AND PROTECTION

- Maintains the original finish of stainless steel and other metal
- Cleans, polishes and protects in one application
- Fast drying
- Long life span
- Adheres to all surfaces
- Free from silicones
- NSF registered

## General Information

INOXIN is an odourless multifunctional product for metal surfaces, designed to restore the original luster and shine to most metal surfaces. INOXIN is based on pharmaceutical oil, solvents and water and the light foam adheres on the vertical surfaces.

INOXIN can be used on matt and glossy metal surfaces and does not affect glass, plastic or rubbers. INOXIN removes grease films and fingerprints and can be used to clean wet surfaces without a rainbow effect appearing.

## Technical Information

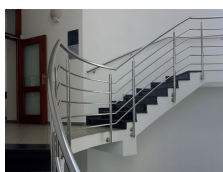

Physical state: Aerosol  
 Colour: According to product designation  
 Odour: characteristic  
 Initial boiling point and boiling range: -44,5°C  
 Flash point: -97 °C  
 Auto-ignition temperature: 227 °C (@ Hydrocarbons, C11-C14, n-alkanes, isoalkanes, cyclics,

Upper/lower flammability or explosive limits: 0.6 – 10.9 Vol-% (@ Lower explosion limit: Hydrocarbons, C11-C14, n-alkanes, isoalkanes, cyclics,

## Application and Use

- APPLICATION:
  - Shake well before use.
  - Evenly spray a thin layer onto the surface to be treated and wipe to spread the product with a dry soft cloth.
  - Heavily soiled surfaces (e.g. kitchen areas) should be cleaned upfront with a suitable cleaner product.
  - NOTE: The product must only be used on nonfood contact surfaces!
  - NOTE: Do not apply the product onto equipment while food is being processed or transported.
- USE:
  - Applicable on most metal surfaces, for example on stainless steel, polished aluminium, brass, red copper, chrome, polished soft steel, silver.
  - Can be used in institution kitchens, food-processing firms, restaurants, hospitals, sanatoriums, dairies, bottle-filling firms, food stores etc.
