# Organix Part Cleaner S

## ERGONOMIC MULTI-PURPOSE PARTS WASHER

- Mobile cleaner - heated bath
- Filtration 50µm to maintain cleaning performance
- Limited waste and maintenance
- Heating process from 15 to 38°C: 20l - approx. 15 min
- Overheating security (reset feature)
- Easy draining: draining plug with integrated pouring spout and handling
- Safe, non-flammable, user and environment friendly

## GENERAL INFORMATION

ORGANIX PART CLEANER S is an ergonomic mobile multi-purpose parts washer that runs with low pressure. Combined with the cleaning solution, it perfectly cleans brake systems or mechanical parts without any solvent, dust or fiber projections.

ORGANIX PART CLEANER S has got an integrated soaking tray and a 50µm filter to increase cleaning bath lifetime. ORGANIX PART CLEANER S is safe, non-flammable and user and environment friendly.

## TECHNICAL INFORMATION

Dimensions: 82 x 53 x 105  
 Cleaning table: 55 x 43 x 15 (internal dimension)  
 Empty weight: 23kg  
 Tank volume: 40l  
 Electrical supply: 230V - 2kW (9A)  
 Tools: interchangeable brush  
 Maximum load: 30kg  
 Soaking try: integrated at the bottom of the sink - 24 x 22 x 8 - volume 4l

Pump flow: adjustable from 0 to 6l/min + brush flow and tap  
 Heating power: 2kW  
 Average electrical consumption: 150W  
 Component: HDPE  
 Filtration: filterbag polypropylene 50µm  
 Mobility: 4 PU wheels (2 with brakes)  
 Sound level: 45 dB at 1m

## APPLICATION AND USE

- ORGANIX PART CLEANER S: The parts washer unit heats and regulates the liquid up to 38°C, which optimizes both cleaning. It is equipped with several cleaning possibilities (brush, flush and soaking) and a highly effective filtration system. It can be used on most metals, alloys, plastics and rubber.
- The device needs to be plugged in until the indicator light is off which guarantees that the cleaning bath has reached optimal temperature.
