Powercleanse Protect

BARRIER CREAM FOR SKIN PROTECTION

- Silicone-free
- Water-soluble
- Prevents contact eczema and skin irritation

General Information

POWERCLEANSE PROTECT water-soluble is a silicon free barrier cream. It prevents the skin against contact eczema and irritations caused by contact with cleaning products, paints, oil, fat, grease solvents etc.

POWERCLEANSE PROTECT water-soluble passed a human patch test with the rating "very good". The product did not lead to allergic or toxic-irritative intolerance reactions in epicutaneous testing in accordance with international guidelines.

Technical Information

Physical state: Cream
Colour: white
Odour: pleasant
pH-Value (at 20°C): ≈ 6

Boiling point: 100°C
Vapour pressure (at 20°C): 23 hPa
Density (at 20°C): 1 g/cm³
